GOLD STAR ALPACAS SHEARING SERVICE

GOLD STAR ALPACAS Shearing Service specializes in shearing for the small alpaca farm. There are two options available for your convenience – the “**Shear-In**” and “**Private On-Farm Shearing**”.

What’s a “Shear-In”???

A Shear-In is geared toward shearing your spring and summer cria and requires that the “shearees” be transported to the Shear-In location. This saves you the upfront cost of bringing the shearer to your farm for a small number of animals.

There are two “Shear-In” dates scheduled for 2007 – they are:

Saturday, August 25 - from 10am to 4pm
Monday, August 27 - from 10am to 4pm

You must call **GOLD STAR ALPACAS** at **207-449-1121** to schedule an appointment. These two Shear-In dates will be held at Royal River Alpaca Company in North Yarmouth, Maine.

What is “Private On-Farm Shearing”? Private On-Farm Shearing means that **GOLD STAR ALPACAS** travels to your farm with our equipment, trains your volunteer staff in the required handling techniques, and sets up and shears your animals in the comfort of their familiar barn.

Visit the website at www.goldstaralpacas.com for details on the “straight-line” shearing method that is used by **GOLD STAR ALPACAS**, and why we do it that way. Then call **207-449-1121** to arrange for your shearing needs.

GOLD STAR ALPACAS is a Certified CameliDynamics™ Handler and proud to care for your animals using CameliDynamics™’ safe, kind and efficient methods.
